GASKETS & ASSEMBLY Division

We have been manufacturing gaskets since 1959. At present we offer the following types of gasket:

Gasket sets for engines in passenger vehicles and trucks

We manufacture gasket sets for both passenger vehicles and trucks.

Felt rings and mats

We offer various sizes, types and material thickness ranging from 1 to 20 mm. Material type – according to customer's specification.

Asbestosless gaskets

Supplied by the companies Reinz, Frenzelit, Temac and Klinger in thicknesses ranging from 0.5 to 3 mm. These are flat cut-out sealing rings in various sizes for flanged connections, screwings, radiator connectors and similar seals. We can also manufacture flat gaskets in sizes up to 600 x 800 mm.

Gaskets from oil-resistant paper

Rotes gaskets - thicknesses from 0.2 to 1 mm for passenger vehicles and trucks. We also manufacture flat cut-outs of various shapes according to customer specifications, up to the size 600 x 800 mm.

Cork gaskets

Thicknesses ranging from 2 to 4 mm, various types and sizes.

Flat rubber cut-outs

Thicknesses ranging from 1 to 5 mm (including rubber with a textile insert), 1 and 2 mm thick PVC, microporous rubber, etc. based on the design and specifications of the customer.

Fibre sealing rings

Various dimensions pursuant to CSN 029310.8 from the size 4 x 8 mm to 38 x 44 mm.

Gaskets to customer's specification

For older and foreign makes of cars - on the basis of the supplied sample using MOTORIT or KLINGER 1000 materials.

Copper and aluminium sealing rings

We manufacture various copper and aluminium sealing rings pursuant to CSN 029310.2-3.

Our Assembly Division offers the following services:

Bookbinding Production

We bind the collections of laws, magazines, newspapers and theses. We carry out manual book-binding, the repair and renovation of books, gold pressing and embossing using blocks, cutting using cutting machines as well as drilling sheets of paper, labels and tags. We also duplicate various forms, internal guidelines, price lists, technical documentation, annual reports and pamphlets with the option of binding (pamphlet, thermal binding, coil binding, sewing using staplers, common binding).

Manufacture of office supplies and sealed PVC packaging

We manufacture file folders in many designs and sizes, binders, folders, business card organizers, document

folders, menu covers, various cases (e.g. for tools, fishing rods and other products), or other products on request.

Cardboard production

We manufacture cardboard boxes, collapsible boxes, archiving boxes, combination boards, gift boxes and cases (e.g. for goblets and statuettes), protective gratings for bottle boxes, protective picture and furniture corners, various interlays and boards and other shaped cut-outs.

Assembly and Cooperative Work

This type of work is carried out in various fields of activities and includes the completing of minor products in sets, the labelling of products and various finishing works according to the customers' needs.
